

How to Find the Serial Number for a DMP From the Management Dashboard

Revised: May 1, 2015
Software Release: 2.4 and Later Releases

To find the serial number for a DMP from the Management Dashboard, complete the following steps:

Action

Step 1 Log into Cisco StadiumVision Director with an administrator account.

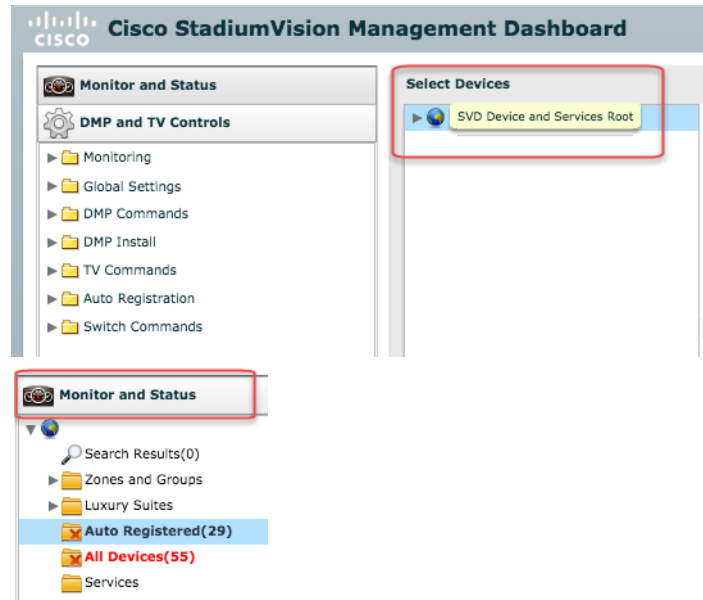

Step 2 From the Cisco StadiumVision Director main menu, click **Management Dashboard**.

Action

- Step 3** Click the ball icon (SVD Device and Services Root) to open the list of options, then select the **Monitor and Status** drawer.

- Step 4** Navigate to the DMP by location or from the Auto Registered or All Devices folder, select the DMP device.
- Step 5** From the Status tab, click **Status Details**. Scroll to find the **General** list and click the arrow. The value is the serial number of the DMP.

Note You can also find the serial number in the “init.serial” MIB under MIB Variables.
