## What's New

Feature	Description
Performing Recipient Verification and Resolving Group Queries using Office 365-LDAP Connector	<p>The Office 365- LDAP Connector tool allows you to retrieve user details and group information from the Azure Active Directory (AD), and store them on an LDAP server configured on the Cisco Cloud environment. You can perform LDAP recipient verification and group queries to the LDAP server using the actions configured for the LDAP profile on your instance.</p> <p>You can only use the Office 365-LDAP connector feature if your instance is hosted in any one of the following datacenters:</p> <ul style="list-style-type: none"><li>• Europe</li><li>• Americas</li><li>• Canada</li></ul> <p>For more information, see the “LDAP Queries” chapter in the user guide.</p>

# Service and Support

**Note**

---

To get support for Cisco Cloud Email Security (CES), have your Contract Number ready when you call Cisco TAC.

---

Cisco TAC: [http://www.cisco.com/en/US/support/tsd\\_cisco\\_worldwide\\_contacts.html](http://www.cisco.com/en/US/support/tsd_cisco_worldwide_contacts.html)

Support Site for legacy IronPort: <http://www.cisco.com/web/services/acquisitions/ironport.html>

For non-critical issues, you can also access customer support from the appliance. For instructions, see the User Guide or online help.

Cisco and the Cisco logo are trademarks or registered trademarks of Cisco and/or its affiliates in the U.S. and other countries. To view a list of Cisco trademarks, go to this URL: [www.cisco.com/go/trademarks](http://www.cisco.com/go/trademarks). Third-party trademarks mentioned are the property of their respective owners. The use of the word partner does not imply a partnership relationship between Cisco and any other company. (1110R)

Any Internet Protocol (IP) addresses and phone numbers used in this document are not intended to be actual addresses and phone numbers. Any examples, command display output, network topology diagrams, and other figures included in the document are shown for illustrative purposes only. Any use of actual IP addresses or phone numbers in illustrative content is unintentional and coincidental.
