Overview

EOL13549 - Amended

Cisco announces the end-of-sale and end-of life dates for the Perpetual Licensing for Cisco Unified Communication Manager - User Connect Licensing (UCL) and Emergency Responder. The last day to order the affected product(s) is January 23, 2021. Customers with active service contracts will continue to receive support from the Cisco Technical Assistance Center (TAC) as shown in Table 1 of the EoL bulletin. Table 1 describes the end-of-life milestones, definitions, and dates for the affected product(s). Table 2 lists the product part numbers affected by this announcement. For customers with active and paid service and support contracts, support will be available under the terms and conditions of customers' service contract.

Renewing to Collaboration Flex Plan

Cisco is committed to long-term support for our customers with on-premises calling deployments. We are also committed to supporting our customers as they move to cloud calling. Our Collaboration Flex Plan supports both deployment models. In September 2021, we announced that customers with perpetual on-premises calling deployments should renew to Collaboration Flex Plan. Some of the customer benefits of Flex Plan include:

- Flexible payment methods - monthly, annual, and full
- Software Support that is included - never find yourself uncovered
- Simplified licensing structure
- Better license entitlements to Cisco Collaboration solutions
- An easy migration to the cloud

The last day to renew Software Support Services (SWSS) for perpetual on-premises calling has been moved up to October 30, 2021. Customers who need additional licensing and / or to renew software support after this date will be able to get full support for their on-premises calling deployments by renewing to Collaboration Flex Plan.

For more information about Collaboration Flex Plan 3.0, reference the ordering guides at this link:

<https://www.cisco.com/c/en/us/partners/tools/collaboration-ordering-guides.html>

End-of-Life Milestones

Table 1. End-of-Life Milestones and Dates for the Perpetual Licensing for Cisco Unified Communication Manager – User Connect Licensing (UCL) and Emergency Responder

Milestone	Definition	Date
End-of-Life Announcement Date	The date the document that announces the end of sale and end of life of a product is distributed to the general public.	September 23, 2020
End-of-Sale Date : App SW,License	The last date to order the product through Cisco point-of-sale mechanisms. The product is no longer for sale after this date.	January 23, 2021
Last Ship Date : App SW,License	The last-possible ship date that can be requested of Cisco and/or its contract manufacturers. Actual ship date is dependent on lead time.	April 23, 2021
End of SW Maintenance Releases Date : App SW	The last date that Cisco Engineering may release any final software maintenance releases or bug fixes. After this date, Cisco Engineering will no longer develop, repair, maintain, or test the product software.	January 23, 2022
End of New Service Attachment Date : App SW	For equipment and software that is not covered by a service-and-support contract, this is the last date to order a new service-and-support contract or add the equipment and/or software to an existing service-and-support contract.	October 30, 2021
End of Service Contract Renewal Date : App SW	The last date to extend or renew a service contract for the product.	October 30, 2021
Last Date of Support : App SW	The last date to receive applicable service and support for the product as entitled by active service contracts or by warranty terms and conditions. After this date, all support services for the product are unavailable, and the product becomes obsolete.	January 31, 2024

HW = Hardware OS SW = Operating System Software App. SW = Application Software
